COMPANY PROFILE

AFRICAN NATIONAL
FIRE SPRINKLERS (PTY) LTD.

COMPANY OVERVIEW

Established in 2014 and formally registered in 2025, the company operates from 574 Southward Drive, Olifantsfontein, 1666. With a 24-hour service commitment, the business provides reliable, safety-focused solutions across fire protection, plumbing, fabrication, and related technical services.

VISION & MISSION

VISION

To set the benchmark in fire protection, safety systems, and technical installations by delivering solutions that are precise, dependable, and built to protect. We aim to be the partner clients trust when every second and every detail matters.

MISSION

To engineer safer environments through expert fire protection, advanced detection systems, precision plumbing, and specialist fabrication services. Our mission is to respond fast, work smart, uphold strict safety codes, and deliver workmanship that stands strong under pressure—24 hours a day.
